

## HUNS TRY TO FORM MINISTRY TO SIGN TREATY

### Still in Throes of Re-constitution of Administration

(By The Associated Press.)  
PARIS, June 20.—(By The Associated Press.)—The latest reports received over the military wire from Weimar indicate that at 3 o'clock this evening (Friday) Germany is still in the throes of a reconstitution of the administration in an endeavor to get a government that is capable of signing the peace treaty.

**Ebert Remains Temporarily.**  
(By The Associated Press.)  
Latest advices from Berlin are to the effect that the German cabinet has resigned but that temporarily President Ebert is to retain office.

Friday passed with various conflicting reports as to the situation in Germany surrounding the intentions of those in high office to sign or to leave unsigned the peace treaty of the allied and associated governments.

The preponderating opinion as expressed in the numerous dispatches however, indicated that, notwithstanding the fact that there was much opposition to them, the terms of the allies finally would be met even if the signature of the treaty necessitated the resignation or even removal of those at present in the high councils.

So confused is the situation that it is impossible at present to obtain even a fair idea of conditions in Germany as they really exist, but there seems basis for the belief that it is the intention of the Germans finally to acquiesce in the allied demands.

President Wilson has returned from his trip to Belgium and on Friday with Premier Lloyd George of Great Britain and Clemenceau of France discussed both the Italian cabinet crisis and the German situation.

It is reported from Rome that the Italian government has instructed its peace delegation in Paris to accept a solution of the Malatania controversy arrived at by President Wilson, Premier Clemenceau and Premier Lloyd George.

**Would Ask Modification.**  
Paris, June 20.—The Times understands that Matthias Erzberger, if he takes power in Germany, will ask two modifications of the peace treaty. The first will be the toning down of the clause concerning responsibility for the war so as to spare German susceptibilities and the second abandonment of prosecution of the former emperor.

**Bernstorff May Head Mission.**  
Paris, June 20.—An unconfirmed report received here from the army intelligence bureau at Coblenz says Count von Bernstorff, former German ambassador to the United States has been named as minister of foreign affairs, and that he will come to Versailles to sign the peace treaty.

**News No Surprise.**  
Paris, June 20.—News of the retirement of Philipp Scheidemann as premier and of the reformation of the coalition government in Germany came as no surprise to peace conference circles as it had been known for some time that Scheidemann, Count von Brockdorff-Rantzau and several other cabinet members were so thoroughly committed by past utterances to not signing the treaty that a new cabinet and, perhaps a new president might have to be installed before the treaty is signed unless it is modified materially.

It is expected here the new German government will make a request for additional time in which to reply.

**TO HOLD 100 MILE AUTO RACE JULY 4**  
NEW YORK, June 20.—A 100 mile automobile race will be held at the Sheepshead Bay track July 4 by the Eastern States Motor Racing Association. Ralph De Palma, the winner of the 50 mile race last Saturday and all the other drivers in that race will take part in the contest. Each driver under the rules is compelled to maintain a speed of 115 miles an hour in the elimination trials to qualify for the race.

**LICENSED AVIATORS MAY COMPETE**  
Los Angeles, Cal., June 20.—Licensed aviators of any nationality may compete in the proposed trans-Pacific airplane flight for which Thomas H. Ince has offered a prize of \$50,000 according to a report governing the contest made public today.

The contest will be open from September to February 1920. The flight must be completed within twelve days.

**SINK RUSS CRUISER**  
London, June 20.—The Russian cruiser Oleg was sunk on Wednesday by a British submarine. It is announced in Russian wireless received today.

The sinking occurred near the Tobuchan light house. The Oleg was a vessel of 6,770 tons.

## Labor Endorses League Covenant By A Large Vote

(By The Associated Press.)  
ATLANTIC CITY, N. J., June 20.—Organized Labor today endorsed the league of nations covenant and the labor provisions it contains which, according to a cable message from President Wilson have been weakened although not materially.

In giving its approval by a vote on a proportional basis of 29,750 against 420, the reconstruction convention of the American Federation of Labor made it clear that nothing in the endorsement can be construed as denying the right of self determination and freedom to Ireland as recognized by this convention.

**Contains Irish Provisions.**  
An amendment containing the Irish provision was adopted unanimously.

The president's cable in reply to one sent him by Samuel Gompers, president of the federation asking information about charges reported in press dispatches follows:

"Your message came while I was in Belgium and reached me too late to make full reply, but as I indicated in an earlier message while the labor provisions somewhat weakened it is the opinion of friends of labor and my own opinion that they were not materially weakened and that they will constitute a most serviceable magna charta. Will cable labor provisions but fear it will be too late for the convention."

Mr. Gompers's message to the president said in part:

"Upon my advice the executive council of the American Federation of Labor has recommended to the convention now in session the endorsement of the league of nations, including the labor provisions. Reports published here indicate that labor provisions have been so changed and weakened as to practically nullify their effectiveness. I cannot ask the rank and file of labor to endorse provisions which in any way have been made valueless."

**Asks Prompt Reply.**  
The message closed by asking a prompt reply, definite information and a copy of the provisions affecting labor, "as now framed."

Both the messages were read to the convention. A third message received from the American peace delegation in Paris thru the state department in which the changes made in the labor provisions were enumerated also was read.

## ROTARIANS ADOPT AMENDED RESOLUTION

SALT LAKE CITY, Utah, June 20.—Resolution No. 19 on the relationship between employer and employee, which brought forth bitter debate at yesterday's session of the convention of the international association of Rotary Clubs was adopted today at the closing session of the convention but that part of the resolution which would have pledged rotary to compulsory arbitration of economic questions was eliminated.

As adopted the resolution pledges rotary to try conciliation and urges that in adjustment of all economic disputes the interest of the majority (public) be given due consideration.

Albert S. Adams of Atlanta, Ga., was formally elected president of the organization. John N. Dwyer, Vincennes, Ind., was elected first vice-president; Estes Snedecor, Portland, Ore., second vice-president; James S. Finley, Chattanooga, third vice-president; Raymond M. Haven, Kansas City, sergeant-at-arms; and Rufus F. Chapin, Chicago, treasurer.

## SAYS BALTIC STATES NEED FOOD AT ONCE

PARIS, June 19.—(By The Associated Press.)—Col. Warwick Green, chief of the American military mission to the Baltic states who left Riga June 13, and Libau June 15 on his return to Paris, told the Baltic commission today that the allies should immediately extend food relief to the Baltic states, send officers to insure the enforcement of the allied ultimatum that German armies there be withdrawn and prevent the bolsheviks from again over-running the states after the Germans have left.

## SWISS MAKE SPECIAL MILITARY PLANS

GENEVA, Thursday, June 19.—Special military arrangements have been made by the Swiss government for contingencies in case the Germans refuse to sign the treaty of peace. Picked law enforcement forces will be re-mobilized tomorrow and the next day at Basle and Constance to protect the Rhine and the northern frontier.

A Bregenz dispatch to the Thurgau Gazette says that Italian troops have begun to occupy Voralberg, the westernmost district of Austria.

## SENTECE TAXI DRIVER

Rockford, Ill., June 20.—Harold Smith, local taxi-cab driver, was sentenced at Jansville, Wis., to the penitentiary for three years for having a beer bottle at the steering headlights of a passing automobile last Tuesday. The missile crashed thru the windshield of the car.

## LEGISLATURE TO ADJOURN MONDAY JUNE 30

### Both Houses Finish Passage of Bills Friday Night

[By The Associated Press.]  
SPRINGFIELD, Ill., June 20.—The fifty first general assembly of Illinois adjourned at 10:35 o'clock tonight after a session lasting since January 6th. A few members will return June 30th for sine die adjournment.

Passage of senate bills occupied the house until shortly after 10 o'clock when a half dozen measures were swept off the calendar and a committee was sent to notify Governor Lowden that the business of the lower branch had been completed and asking if there was any message from the state's chief executive. Governor Lowden came before the house in person to express his satisfaction with the session and to congratulate the members.

"Co-operation between the various branches of the state is the real test as to whether democracy can endure," said the governor. "I thank you for your co-operation with me."

In the course of his remarks Mr. Lowden paid a fine tribute to the "fourth estate," called out by the sudden death yesterday of Frank R. Armstrong, correspondent of the Chicago Daily News.

"The fourth estate is as important as any other branch of the government," said the governor. "The men who constitute it mediate between us and our constituents. They have as high and difficult duty to perform as we."

Governor Lowden said no one had "greater fidelity to truth and a clearer sense of duty to the public than Frank Armstrong."

## SENATE QUICKLY ADJOURNS

Adjournment of the house was followed quickly by similar action in the senate.

Before the representatives fled out of the legislative chambers, Speaker Shanahan thanked the members for their consideration throughout the session and his words were greeted with heavy applause. Democrats joining with Republicans in the ovation.

At tonight's session the house by a vote of 84 to 10, passed the Austin bill prohibiting fraternities, sororities and secret societies in high schools. There was no debate. The measure now goes to the senate.

By a vote of 59 for and 28 against the house shortly before six o'clock this afternoon refused to concur in the conference committee report on the Barr bill limiting working hours for women, and defeated the attempt of labor forces to shorten the existing ten hour day and 70 hour week for employed women. The vote was eighteen short of a constitutional majority of 77.

The house today adopted a resolution setting noon of Monday, June 30, as the hour and date of sine die adjournment. The legislature expects to quit the work of passing bill some time tonight and to recess until June 30 in order to give Governor Lowden time to act on bills.

**Measure Promptly Changed.**  
The measure, which began as a straight eight hour bill in the senate was amended by both houses until it bore little resemblance to its original self. In the form in which it was defeated, a large number of classifications were made touching various industries, fixing a nine or ten hour day, but lifting the limits on the number of hours that would constitute a week's employment. A clause to which some of the labor representatives objected, would have permitted women to work in emergencies.

Representative W. H. Miller sponsored the bill in the house and his position was supported by Representatives Shortell and Browne. Minority Leader Igou attacked the measure as entirely inadequate. Representative Devine opposed the bill and Representative Laporte declared it would be discriminatory in the case of employers hiring women near the borders in Illinois.

Members who usually represent organized labor were divided in their position on the bill.

**Hint at Special Session.**  
It was hinted that, since Governor Lowden had sent a special message to the assembly urging some legislation to limit present hours for working women a special session might be called to give attention to this question. No confirmation of any such intention was obtainable. Representative Browne in speaking for the bill said the governor was very anxious that the bill pass.

The house was nearing the end of the senate bills on the calendar tonight and adjournment earlier than was at first anticipated was said to be possible.

Senator Buck's bill revising the primary election law was passed 83 to 23, without much opposition this afternoon. The chief change from the existing act was the provision exempting from the operation of the measure nomination by primary of city officials in municipalities of 5,000 or under.

## Erwin Refuses To Communicate With Angeles

(By The Associated Press.)  
ADD ERWIN REQUESTS.  
EL PASO, Texas, June 20.—"I decline to have any communication with you or your principal," Brigadier General James B. Erwin replied today to a communication received from General Felipe Angeles, commanding revolutionary forces in Mexico regarding the reason American troops crossed the border last Sunday night.

A courier from General Angeles' camp near Samalayuca, 30 miles south of the border who arrived here last night, today delivered the communication to General Edwin. It was signed by General Angeles and bore the seal of Villa's revolutionary government. The reply was transmitted to General Angeles by the same courier, who left immediately for the revolutionary headquarters.

"There is but one government in Mexico recognized by the United States of America and it appears that you or your principal are in no way connected with or claim to be connected with that government which is recognized by the United States of America," General Edwin's reply read.

"I therefore decline to have any communication whatsoever with you or your principal on any subject related in any way to those governments."

The contents of General Angeles' communication was telegraphed to Major General Derosey C. Cabell, commander of the southern department at San Antonio by General Erwin, commander of the border district here and was relayed to Washington from there.

General Erwin's reference to General Angeles' "principal" is assumed here to refer to Francisco Villa.

## WANT LOWDEN TO RUN FOR PRESIDENT

CHICAGO, June 20.—Leading members of the Hamilton Club today organized the Hamilton Club Lowden League, to make Governor Frank O. Lowden of Illinois the Republican nominee for president. The governor has never committed himself as to presidential aspirations, and the league seeks to obtain his entrance into the race.

In resolutions adopted, the governor's patriotic record was extolled.

"No man more fully understands American life, ideals and needs, than this farmer boy of Minnesota who worked his way thru school and college in Iowa and became the chief executive of Illinois," said the resolutions.

The Hamilton club, a Republican organization takes no part in primaries and for that reason a league was formed. It is planned to extend the league to other Republican clubs throughout the nation.

## MORE MONEY MAY BE GIVEN AVIATION

WASHINGTON, June 20.—Action by senate committees today indicated that appropriations for army and navy aviation would be sharply increased over house totals in the annual appropriation bills as they will be presented to the senate.

With few dissenting votes the full naval committee decided to recommend an increase of the house appropriation of \$15,000,000 to \$35,000,000 as urged by Secretary Daniels while a subcommittee of the military committee voted to recommend an increase for army aviation from \$15,000,000 to \$55,000,000.

## SAYS HUNS CANNOT PAY

PARIS, Thursday, June 19.—In discussing the proposed budget for the coming year in the chamber of deputies today, Raoul Peret, head of the budget committee said that it was impossible to expect Germany to meet the cost of rehabilitating regions devastated during the war.

## ADMIRAL BENSON RETURNS

New York, June 20.—Admiral William S. Benson chief of operations of the United States navy arrived here today from Brest on the battleship Arkansas. Twenty-five casual army officers also returned on the warship.

Such officers will be named in convention heretofore if Governor Lowden signs the bill. The bill also proposes nomination of state central committee-men at congressional conventions as well as clerks of the appellate court.

Other senate bills passed by the house included:—Providing for a commission to study housing and to present to the next general assembly a housing code.

## Alterations Make Peace Treaty Longer

(By The Associated Press.)  
PARIS, Thursday, June 19.—By The Associated Press.—The alterations and amendments incorporated by the council of four in the revised treaty make it a somewhat longer document than the draft originally submitted to the Germans and published in the United States. It now comprises 214 pages five more than the original and this was effected by closer paging. At various points the drafting committee sought to adhere as far as possible to the original numbering of the articles and contrived to make up for insertions or omissions by combining or splitting articles.

**Contains 440 Articles.**  
As at first arranged the new instrument still contains the original 14 points and 440 articles.

The article assuring Silesian coal and minerals to German industry now reads: "Poland undertakes to permit for a period of fifteen years the exportation to Germany of the products of mines in any part of upper Silesia transferred to Poland, in accordance with the present treaty, without export duties or restrictions, and permit the Germans to purchase these products on the same terms as the Poles."

In the revised draft "the principal allied and associated powers" undertake to establish Danzig as a free city. This language in which the responsibility of the five great powers for the creation of the new city and state is definitely assumed, is substituted for the original phraseology declaring merely that "Danzig is established as a free city."

## Verbage of New Article.

The new article which replaces the original provision for the disarmament of Germany, number 165, providing for reduction to a specified point within two months now reads in the English version:

"Up to the time at which Germany is admitted as a member of the league of nations, the German army shall not possess armaments greater than that fixed in the table submitted in this treaty, and continues: "Germany agrees that after she has become a member of the league the armaments fixed by the table shall remain in force until modified by the council of the league. Furthermore, she hereby agrees strictly to observe the decision of the council in this respect."

Important changes are revealed by a comparison of the old and new drafts relative to the new Polish frontiers and the Silesian plebiscite. The frontier changes correspond generally with those outlined in recent dispatches, but bring the Polish frontier nearer to Brelau on the east than was at first contemplated and give Poland a new section of the Prussian province of Pomerania in exchange for the coast strip of the same province returned to Germany, altho the council of four planned for a while to make all Pomerania German on historic grounds.

Some of the changes in the treaty can be indicated only by reference to maps of the largest scale.

## Provisions of Plebiscite.

The provisions for a plebiscite in the Silesian regions show that the vote will be taken in virtually all of upper Silesia except small areas in the southwestern and northern corners, which were awarded unconditionally to Czechoslovakia and Poland respectively. The plebiscite must be held between the sixth and eighteenth months after the signature of the peace treaty. The same conditions as regards the retirement of workmen's soviet which were included in the Schleswig-Holstein and East Prussian plebiscite provisions are found in that affecting Silesia.

A significant article of the treaty prohibits political prosecutions by either the Polish or German governments for any activities during the plebiscite in Silesia.

## AUSTRIA COMPLETING COUNTER-PROPOSALS

ST. GERMAIN, Thursday, June 19.—The Austrian counter-proposals to the terms of peace are being completed by the transmission of notes daily to the council of four thru the French mission. Baron Rudolf von Slatin Pasha, a former high official in the Egyptian government who resigned his post there when Enghien was declared an Austrian and accompanied the Austrian delegation to France as an expert left today for Vienna. He was accompanied by Herr Epstein another member of the Austrian delegation.

## TWO BANDITS ROB BANK.

Toledo, O., June 20.—Two bandits after binding Miss Tessie Trudeau, teller and cashier of the Ironville branch of the Peoples' State Savings Bank, East Toledo, late this afternoon, escaped with \$800 in cash. Depositors entering the bank frightened the bandits away before they could open the vault in which was \$12,000 in currency. The robbers escaped in an automobile.

## DEBATE ON LEAGUE TURNS UP NEW ISSUE

### Charge is Made That Catholics Would Have Majority

(By The Associated Press.)  
WASHINGTON, June 20.—While the senate was thrashing over issues of the league of nations controversy today in four hours of running debate, league opponents started a revival of sentiment for some definite action on the subject. The debate which several times ran into bitter passages turned up a new issue when it was charged that the league would have a majority of Roman Catholic members who might be influenced to bring the whole civilized world under the domination of the Vatican.

**Develop No Definite Plan.**  
The discussion outside the senate chamber regarding the course of league opponents developed considerable difference of opinion among the leaders and failed to produce any definite plan of action. It was said however, that progress had been made toward an agreement and that the conference would continue tomorrow.

In these discussions Elihu Root, former secretary of state, was a central figure talking over the situation with Senator Knox, Republican, Pennsylvania and other opposition leaders. Tonight Chairman Lodge of the foreign relations committee who had been expected to be absent on business until Monday returned to the capital to take part in the conference and the developments which may follow.

Some senators thought the opposition would bring its plan to the point of action tomorrow so the senate could go on record before the peace negotiations end at Versailles Monday.

The more general prediction however was that the subject would go over into next week.

## Introduces Religious Feature.

It was Senator Sherman, Republican of Illinois, who introduced the religious feature into today's debate. Recalling the traditional papal claims to temporal power, he warned that the twenty-four delegates representing Catholic nations in the league assembly would hold in the hands a dangerous power to reunite the church and state.

Senator Ashurst, Democrat, Arizona, replied to the speech at length declaring the inferences drawn were "monstrous" and would not be taken seriously by any sensible man. Senator Shepley, Democrat of Texas, eulogized the league as offering "the finest barrier against war humanity has yet known."

A half dozen other senators were drawn into the discussion before it was over. Consideration of opposition plans centered at the day around Senator Knox's resolution by which the senate was asked that it be permitted to pass on the peace terms without accepting or rejecting for the present the league of nations. At first it had been hoped to get action on this proposal before Monday, but the best its supporters now believe possible is a test vote.

As an alternate course, there was some discussion of introducing a joint resolution in case Germany signs the treaty declaring the war at an end, with the objective of relieving congress of the blame for continuing war conditions while ratification of the pact is delayed.

"From an early age," said the Illinois senator, "the occupants of the Vatican have believed in the inherent right of papal authority to administer civil government. It is with the utmost regret I fail to find recorded in the course of papal claims of later days any renunciation or disavowal of this doctrine. So far as still believes I ought, and would if the power permitted, assume to administer ecclesiastical and civil government as its joint exclusive and paramount power."

**Twenty Eight Christian**  
"Of the original 32 member nations signatories to the proposed league, 28 are Christian nations and four are of other faiths. Of the Catholic nations, either a majority overwhelming preponderance of the population being of that religious faith and 11 are Protestant. The Catholic members are Belgium, Bolivia, Brazil, Cuba, Ecuador, France, Guatemala, Haiti, Honduras, Italy, Nicaragua, Panama, Peru, Poland, Portugal, Rumania, and Czechoslovakia. The 17 nations will be represented in the league in all human probability by Catholic delegates."

"That church represents in its membership either a majority or almost an entirety of the several populations. The sway over these peoples, their implicit faith in the infallibility of this great religious organization is supreme. It is a power for good. I cheerfully bear witness to its support of stable government and a socialist state, disorder and bolshevism in its various forms and manifestations. But the head of the church proclaims and teaches his infallibility. The separation of church and state might continue. The peril lies in the claim of the papal power never abjured, never disavowed."

## Would Permit National Banks To Own Stock

(By The Associated Press.)  
WASHINGTON, June 20.—Legislation to permit all national banks to become stockholders of corporations engaged in promoting foreign trade will be recommended to congress tomorrow by the federal reserve board.

An amendment to the federal reserve act will be suggested which will unlock perhaps \$100,000,000 of capital for financing the tremendous purchases which other nations desire to make in this country.

By furnishing a basis for long term credits to countries already heavy in debt to the United States action by congress in accordance with the board's recommendations is expected to hasten a return to normal conditions in Europe and at the same time contribute materially to the continued prosperity of America. Financial experts of the treasury regard the board's recommendation as one of the most important steps in reconstruction yet taken. All day discussion with the executive committee of the federal advisory council, composed of James B. Forgan, Chicago; L. L. Rue, Philadelphia; Daniel G. Wing, Boston and W. S. Rowe, Cincinnati proceeded the announcement of the board's decision.

It was said that the board and the committee were entire accord that the matter of providing long term advances for Europe presented an investment rather than a banking problem and that the necessary funds must therefore come from the investment market. It was the opinion of the conference however, that as a step towards supporting plans for the financing of the nation's foreign trade it was advisable to make it possible for national banks to participate in the formation of trade groups, such as that now in progress of organization by the cotton interests so that Europe might buy raw materials immediately on collateral of adequate security.

Aside from the actual capital put into such enterprises by the banks it is felt that the general public will be encouraged by the banks' participation to take stock which will be an indirect stimulation of the continued saving habit necessary to provide capital.

At present banks are limited by law in their ownership of stock in other enterprises. A bank must have \$1,000,000 in capital and surplus in order to apply to the board for stock in a corporation engaged in international or foreign banking and may invest more than 10 (ten) percent of its capital and surplus.

## ANTI-JAP BOYCOTT CAUSE OF ARRESTS

WASHINGTON, June 20.—Arrest of 6,000 Chinese students at Fuchow by Chinese and Japanese military authorities was said in official circles here today to have resulted from the anti-Japanese boycott growing out of the decision of the peace conference on the Shantung question.

Fuchow in Fukien province opposite Formosa, has been held by the Japanese to be within their sphere of influence, it was said, and when the disorders began they were reported to have been regarded as justification for the landing of Japanese troops.

The Chinese authorities fearing forcible action by Japan, are said to have been trying to stop the boycott which has been largely fomented by Chinese students.

**YALE WINS RACE.**  
Regatta Course, New London, Conn., June 20.—Rowing a beautifully timed race Yale defeated Harvard in the four-mile "varsity" event on the Thames here today by a scant half length of open water after one of the bitterest struggles ever staged on this historic waterway. For more than a mile and a half the craft raced side by side so closely aligned that the official timers could not detect a fraction of a second difference at the various half mile flags.

**Speaks Against Advice.**  
Senator Sherman said he was making his speech against the advice of many of his friends and was in no sense voicing the sentiment of his party on the subject.

"I have no personal feeling in the matter," he asserted. "I am a member of no church, I regret to say. This is not a political question—I cannot go to any leader for consultation."

Senator Ashurst, Democrat of Arizona, replied to Senator Sherman, saying the objection raised was foolish. League opponents he said, had argued first that kings would dominate the league and then in quick succession that it would be ruled by Great Britain, by bolsheviks, by the negro races and now by the Catholic church.

"No sensible man," said Senator Ashurst, "believes any church is going to try to dominate the world. It is an insane, a monstrous idea. I think it is a question on which the churches are united. It is on the proposal that something be done to preserve the peace and promote the prosperity of all nations. I am tired of appeals to religious prejudice."

## PALMER TURNS SHARPLY UPON HIS ACCUSERS

### Boldly Charges They Are Aligned With Hun Interests

(By The Associated Press.)  
WASHINGTON, June 20.—Attorney General Palmer at the first public hearing in the fight to prevent confirmation by the senate of his appointment turned sharply today upon his accusers and boldly charged that they were aligned with German interests in a concerted attempt to discredit his administration as alien property custodian.

**Attacked By Enemy Aliens.**  
During the year and a half he was in charge of the office Mr. Palmer declared he had been denounced by every enemy alien and every friend and attorney of every enemy alien in this country and that in Berlin he was characterized as the "official American pickpocket." Every friend of the forty thousand aliens whose property had been seized because his organization had seized enemy property and captured the German industrial army in the United States. It would be shown, he told the committee, that the particular charges lodged against him were not based on the ground that he had sold enemy plants at too low a price, but that he had sold them to Americans who had turned them to profitable account.

For nearly five hours the senate judiciary sub-committee conducting an open inquiry at the request of the attorney general was in a continual snarl. For two hours a crowd that was kept on edge by the tense feeling breaking out at intervals witnessed the remarkable spectacle of an attorney general of the United States defending his record and slashing at his enemies before a senate committee meeting sitting on the floor of the place in the cabinet.

**Bitter Feeling Remains.**  
The bitter feeling that broke at the beginning remained to the end, the meeting closing abruptly and in disorder with the announcement by Chairman Dillingham that another session would be held tomorrow to determine future procedure and summon witnesses asked for by the complainants.

There was a strong belief at the capitol tonight that no further hearings of consequence would be held and that the committee would recommend confirmation of Mr. Palmer's nomination.

The first evidence of bitterness was displayed at the very outset when Senator Walsh, Democrat of Montana charged Mr. E. E. Lewis, formerly attorney general of New York with deceiving the committee last week thru failure to quote all of the sections of the law bearing on the right of the alien property custodian to seize enemy property. Mr. Lewis who is counsel for Harvey T. Andrews, the principal complainant, frankly stated that he had been in error and that he had come prepared to offer his apologies.

Senator Walsh retorted that while he accepted the statement without reservation Mr. Lewis should realize that the committee hereafter could not rely on anything he said.

Frequently during the presentation by Mr. Lewis of documentary evidence he clashed with Mr. Palmer, and no effort apparently was made by either to conceal his feeling of hostility. During his long and at times dramatic recital the attorney general stood with his back to the committee, his voice thrown to high pitch reached far down the corridors.

**Comes Into Open Breach.**  
It was near the close of the session and after the attorney general had given the committee some account of Andrews' connection with the Bosch Mawneto company plant at Springfield, Mass., that he came to an open breach with Senator Frelinghuysen, Republican of New Jersey, leader in the fight to prevent confirmation of his nomination. Mr. Palmer was proceeding to take up charges as to the alleged placing of funds in positions where they might profit by the sale of enemy property and had just stated that these charges were made by Senator Frelinghuysen and others when the senator jumped to his feet. For an instant he and the attorney general glared at each other.

## THE PREMATURE CELEBRATIONS.

Everybody is interested in the plans for the Fourth of July celebration and the only thing that is needed to bring the greatest crowd Jacksonville has ever known is fair weather. But let us hope that the city authorities will not permit premature Fourth of July enthusiasm. The discharge of fireworks or firearms before the Fourth can be classed as nothing but a nuisance, while on the Fourth such demonstration is entirely proper and commendable.

## WILL SAVE MONEY.

Really one of the most important measures passed by the general assembly was the Buck bill revising the primary election law. Thru the changes made municipalities of 5,000 or under are exempted from the necessity of nominating city officials by primaries. Thus unless elections are done away with and dollars saved to municipalities in these

days when the treasuries are all low.

## THE LOCAL MORAL TONE.

Evangelist Mitchell will no doubt do a lot of good in Jacksonville and here is hoping that he may. However, one cannot but wonder how after a less than a week's stay in this city he acquired enough information to justify his statement that "Jacksonville is a beautiful city with a reputation for institutions and a low moral tone, a dead and dangerous spiritual condition."

People who have lived in Jacksonville for decades, and are familiar with conditions here and who also know about conditions in other cities, will disagree pointedly with the evangelist. As cities go the moral tone of Jacksonville needs no apologist. The "tone" is one which might well be expected in a city where the influence of schools and churches is so predominant.

## LAND PLAN IS POPULAR.

Already 80,000 soldiers have notified Secretary Lane that they want to secure government land in accordance with the plan that his department has outlined. In this connection it is interesting to note that in Canada the movement of soldiers to the farms has been large and rapid. Government farm loans to soldiers have amounted in one month to nearly \$3,000,000. It is estimated that at least 15,000 soldiers will settle on farms in the province of Saskatchewan.

## MANY JOBS FOUND.

During May the Illinois division of the United States employment service, and co-operating agencies, found jobs for 6,263 soldiers and placed 30,305 civilians in employment.

American soldiers overseas are keenly interested in the prospects of employment after return to this country and discharge, according to Harold Stone, director of operations of the United States Employment Service, who has just returned from France after establishing the overseas work of the Federal Employment Service. Under the system installed by the Federal Employment Service under Mr. Stone's direction and by orders of the War Department, every soldier is interviewed and heard as to whether or not he needs assistance to employment. The cards are filled out at the embarkation centers and on the transports commanding officers of every unit being charged with the superintendence of this work.

## THE STORY OF SUFFRAGE.

Now that suffrage has won out in a national way after so long and strenuous a battle it is interesting to recall some history.

To California, in the person of United States Senator Aaron A. Sargent, belongs the credit of first introducing the Susan B. Anthony Amendment. Senator Sargent, who was elected to the Senate in 1873, introduced Miss Anthony's bill in 1878 and the culmination of the forty year effort came on June 4th.

Miss Mary Garrett Hay, who has been untiring in her efforts to secure the passage of the amendment and who is now a member of the Republican Women's National Executive Committee was one of the women chosen by the National American Woman Suffrage Association to represent that organization when the measure was signed by Vice-President Marshall.

## THE SPIRIT OF SERVICE.

The carpenters of Jacksonville have certainly entered into the spirit of the times by donating their services for the work necessary in connection with the big tent where the soldiers' dinner is to be served July 4. The carpenter's wage is now \$6 a day and as the carpenters have agreed to each give a day's work it can be seen their contribution is of a substantial kind.

## Rippling Rhymes By Walt Mason

Peace Soup.  
We made a caldron full of soup, and set the same before the Huns, they raised a loud, disgusted whoop, and reached around for hidden guns, "Ache, don't wetter!" said their chief, "we do not like this consommé; it is not made of wholesome beef, but rather hints of Old Dog Tray. I fear you've boiled a lot of crows, or made a broth of our lost goat; it is offensive to the nose, and raises blisters on the throat." The sparring soup we have prepared is pushed aside with angry snorts and words and sabres would be bared. If Huns had weapons of the sort, the Germans have no gratitude, they know not when they're treated well; they clamor now for oysters stewed, or peradventure on the shell. We who by Germans have been goaded now lead them kindly to our coop, and seat them at the groaning board and they rear up and cuss the soup. No tact or manners has the Teut, no winning ways to gain a friend; he is a boor, a crude galoot, who raves us wrong ways to the end. Divested of his war lord dreams, he came, still haughty, to our town, and thought he ought to have ice cream, with costly drinks to wash it down. He stirred up trouble in the past, he spread the grief on pretty thick, and while this weary world shall last I fear he'll play the same old trick.

## Funerals

Bartlett.

The remains of Mrs. Anna Catherine Bartlett arrived in the city at 10:15 o'clock Friday morning and were taken direct to Diamond Grove cemetery where services were conducted in charge of the Rev. F. B. Madden.

Mrs. Bartlett's maiden name was Anna Catherine Poinier and she was born in Ohio 69 years ago. She was united in marriage to P. L. Bartlett in Chicago who preceded her in death nine years ago. They were parents of ten children, four of whom survive.

They are: William Bartlett, Jacksonville; Isaac P. Bartlett, Chicago; Mrs. Frank Deatherage, Evanston, and Miss Jennie Bartlett, Evanston. She also leaves two brothers, George Poinier of Indiana and Thomas Poinier of Seattle, Wash., and one half brother, Edward Poinier, Chicago.

The death of Mrs. Bartlett occurred Wednesday evening at Evanston where she had for several years past made her home with her daughter, Mrs. Frank Deatherage. For the past twenty-five years Mrs. Bartlett had been an invalid, fifteen years of which she was bedridden. Altho her suffering was at times great, she maintained a cheerful, happy spirit. The deceased was a member of Grac M. E. church in this city, and when health would permit was always faithful to her church obligations. She was a woman of beautiful Christian character and her life exerted a wide influence for good.

Girls Gave Social.  
The Tumaga Camp Fire Girls gave a ice cream social on the lawn of Grace church Friday evening. Ice cream and delicious home made cake were sold and the young ladies realized a goodly sum for their camp fire fund. The lawn was decorated with Japanese lanterns which produced a pretty effect with the background of ivy on the church. Miss Marion Caudes is the guardian of the camp.

## MR. KICK SEES STILL HIGHER LAND VALUES

Recently Refused \$300 Per Acre for Section He Owns in Morgan County—Figures from Other Localities.

The question of farm land values continues to be one of absorbing interest. George E. Kick, who purchased the Julius Strawn farm lands about two years ago, is now in the city and is evidently a firm believer in still higher land values. The reason for this opinion is because Mr. Kick has refused recently an offer of 300 an acre for the 640 acres of land he still owns of the original Morgan county tract purchased. Mr. Kick owns an extensive farm in Warren County, for which he some time since refused \$400 an acre, and he has information about lands in Carroll county, Iowa, where he used to have holdings. In the latter county Mr. Kick sold a farm about five years ago at a price somewhere between \$150 and \$175 an acre. Recently the owner turned down an offer of \$325 an acre for this farm. Lands in the vicinity have been selling at \$375 an acre and some as high as \$425.

It is a fact that in Macon, Douglas, McLean and some other counties where high priced land values obtain that it is now almost impossible to buy good land. The owners of these lands are refusing to sell, no matter what price is offered and this very fact has a tendency to push the market still higher.

The increases in local land values have been a matter of frequent comment and it is safe to say that the percentage of increases here has not been larger than in other localities. In fact, in some cases the increases have been sharper and that on values that were already high. Government statistics show interesting figures on the increase of farm land values the country over.

## A VETERAN TRAVELING MAN.

George A. Smith of 239 Finley street has just returned from his trip thru Colorado in the interest of J. Capps & Sons. He reports simply oceans of wheat so much as almost to make him seasick. Mr. Smith is the oldest salesman for the house in the point of service, and is proud of the fact that he wore the first suit of clothes ever made in the mills. And while they were not exactly like the ones that served the children of Israel forty years in the wilderness, they still gave him excellent service.

## GAMBLING &amp; DANCING THEME OF EVANGELIST

Rev. Mitchell Preached on These Subjects Friday Night—Boys Scouts Attended Service—Eight Conversions.

Eight conversions marked the greatest service yet held in the community revival tent last night, while scores more raised their hands in token of their desire to lead a Christian life.

It was "Boy Scout" night and the boys were greeted with applause as they marched in and took the seats reserved for them. They were cheered again when Evangelist Mitchell had them stand up and face the audience. Evangelist Mitchell expressed his high appreciation of the Scout work, and advised all parents to have their boys join the organization.

A new feature of the meeting was a fine orchestra, whose playing added greatly to the effectiveness of the opening song service. Rev. Mr. Weber offered the opening prayer and Mr. Shimer sang in his inimitable manner, "Sharon's Rose."

As announced, Evangelist Mitchell preached on "Cards and Dancing." He admitted that the theme is not a popular one, for many church members, even approve of and practice both. Nevertheless, he declared, he would be true to God and the church, and to his own convictions.

First, as to gambling. Gambling increases almost in exact proportion as card playing in the home increases. Forty years ago there were two papers in the United States devoted to gambling; today there are forty. Boys don't learn cards in gambling joints, but in their mothers' homes. Nine tenths of the gamblers learn there. There is no difference morally between a company of society people playing cards for a prize in some one's parlor and a bunch of negroes playing for a five dollar bill in your back alley. James Kilgore, the converted gambler, became a gambler because a beautiful girl in a professing Christian home begged him to play one night. The card playing church member is a traitor to his church and his Christ.

As to dancing. People quote the Bible in favor of it, but the dancing mentioned there was entirely different from the modern dance.

When the invitation was given eight persons, most of them young ladies, came forward and knelt in prayer, consecrating themselves to a Christian life, and many others raised their hands for prayer. The service closed with a most enthusiastic altar service, full of the old time revival fire.

One of the ladies converted is a former dancing teacher, and she will tell from the platform tonight her experience in that connection.

There will be no prayer meetings this morning, but there will be services tonight.

On Sunday morning, Sunday school will be held in the tent, and Evangelist Mitchell will preach at 11 o'clock. At 2:30 p. m. he will preach on "Christ and the Sporting Woman," and at night on "What and Where is Hell?"

## OPEN AIR SCHOOL WILL BEGIN MONDAY

Anti-Tuberculosis Society Will Conduct School During Summer—Miss Ryman Will Be in Charge.

Following permission given by the Board of Education to use the open air school, the Anti-Tuberculosis society is rapidly perfecting plans for opening the school Monday.

The purpose of the summer term is two fold. First, the society has found since the open air school has been in existence that many of the children lost during the summer vacation the benefits gained thru the school year. It is with a view of maintaining the improvement made the society decided to inaugurate the summer term.

There also are pupils who have failed in some particular study. It will be the purpose of the school to get these pupils up in the studies in which they are weak so that they can enter the new school year in their regular classes.

Miss Maude Ryman has been secured to take charge of the school. She will have garden work when the weather is not too warm and take general charge. Miss Laura Hammond the regular teacher of the school has kindly consented to give a certain period each day to teaching.

The school will be opened at 8:30 in the morning. The children will have their regular shower and then have lessons. An early dinner will be served and then the children will have a long rest period. The school will close about 2 o'clock.

Miss Ryman is now visiting the homes of all of the pupils to see who wish to enter the summer school. Indications point to a large attendance. All regular pupils have an opportunity to attend and it is hoped all will avail themselves of it.

Miss Larrette of the Public Library has kindly consented to cooperate with those in charge of the school and will hold a children's story hour.

## JACKSONVILLE POLICE DEPARTMENT

## POLICE NEWS.

Sunday night two automobile tires were stolen from the garage of William Pickle on North East street.

The matter was reported to the police and the tires were found upon the automobile of Mrs. Wilma Sheppard. It developed that Bloomfield Pickle had stolen the tires from his father and had sold them to Mrs. Sheppard.

The police took the tires and returned them to Mr. Pickle. Bloomfield Pickle got out of town so it appears that Mrs. Sheppard is out \$20 the amount she said she gave young Pickle for the tires.

For some time the police have received complaints of parties coming in on the Burlington train from the south with whiskey. Yesterday morning Officer McGinnis arrested Lafayette Rice as he got off of the train.

Rice had three gallons of whiskey and no permit for bringing the same in. He was taken before Justice Coons and fined \$50 and costs the penalty under the ordinance prohibiting the shipping or bringing in of liquor without a permit.

## ONLY TWO LEFT We Have Just Two Cars Left to be Sold at the Old Price

It is well known among car makers that based upon present costs of material and labor, the New Elgin Six is under-priced. The price of \$1395, too low for the value of the car, has been maintained because of the general feeling thruout the industry until recently that there would soon be substantial reductions in the cost of production. However, these expectations far from being realized, it has now become necessary to increase the price of the New Elgin Six to \$1485.

Careful comparisons and tests have proven beyond possible doubt that there is no other car on the market today priced as low as the new figure we have named and can equal the New Elgin Six in the essential points of appearance, performance, durability, comfort and economy.

**A Commencement Interlude.**

All commencements are solemn to the seniors, wonderful to the freshmen, and pretty much of a muchness to the faculty.

But the other day, in the midst of a quite proper and cheerful if unostentatious commencement, at Illinois Woman's College, a few words by the President made the occasion unforgettable to many.

The speaker of the day had spoken quite enough, and was done. The certificates and diplomas had been awarded. Remained only the conferring of degrees on the college seniors.

Dr. Harker called the class to the platform, and the girls, looking very scholarly in cap and gown stood, where all could see. There was a pause. Before bestowing the parchments it seemed the President would indulge in a bit of reminiscence.

"Many years ago," he said (he is not so very old, though he has been at the Woman's College long enough to receive into it daughters of his former students) "a young man came to the State School for the Deaf in this town, and by he heard his call to the Christian ministry, and I had some share in giving him his first credentials."

"He married a young woman who was also deprived of the gift of speech. They began a work of service and affection for the deaf mutes of the Middle West, until now Brother Hasenstab is called the Bishop of the Deaf."

"When their first child was born, they determined that in due time she should come to the Woman's College and so also they purposed as to the other three daughters who came to bless their home. It was a dream not easy to be realized as you may guess."

"This morning it is my very great joy to confer upon that first daughter the degree of Bachelor of Arts, while at this moment the second daughter, also a student in the college, sits in the audience interpreting my words to that devoted father and mother. And the younger girls are rapidly getting ready for their college days!"

One observer had seen part of the little drama in progress, the freshman daughter with graceful swift motions translating the proceedings for her parents, and they all flushed with pride and thankfulness, following every word with their eager eyes.

It needed but the few simple words of President Harker to call up in every mind the picture of an unusual minister's home—the pastor-father absent on long journeys in the care of his wide-scattered flock; the mother, silent, but capable and wise; the daughters, winning thru the schools to college and this day the sweet first fruits of long patience and mutual helpfulness.

Nothing much, perhaps, but the incident gave the commencement peculiar distinction and new beauty; it put a bit of fresh warmth into everybody's heart.

## Don't Experiment with Catarrh; It Often Leads to Serious Trouble

**You Will Never Be Cured by Local Treatment with Sprays and Douches**

Catarrh is a condition of the blood and can not be cured by local applications of sprays and douches; this has been proven by the thousands who have vainly resorted to this method of treatment.

Catarrh should not be neglected or experimented with. The wrong treatment is valuable time lost, during which the disease is getting a firmer hold upon its victim, and making it more difficult for even the proper treatment to accomplish results.

Though catarrh makes its first appearance in the nostrils, throat and air passages, the disease becomes more and more aggravated

and finally reaches down into the lungs, and everyone recognizes the alarming condition that results when the lungs are affected. Thus catarrh may be the forerunner of that most dreaded and hopeless of all diseases, consumption.

No local treatment affords permanent relief. Experience has taught that S. S. S. is the one remedy which attacks the disease at its source, the blood, and produces satisfactory results in even the worst cases. Catarrh sufferers are urged to give S. S. S. a thorough trial. It is sold by all druggists. You are invited to write to the Medical Department for expert advice as to how to treat your own case. Address Swift Specific Co., 436 Swift Laboratory, Atlanta, Ga.

## FIRST WEEK PROVES WONDERFUL SUCCESS FOR TONEAL

**Daly Proves Stomach Trouble Epidemic Here This Man is Creating a Sensation in Jacksonville—People Flock to His Quarters**

The first week of the Tonal man's visit to Jacksonville indicates that he is enjoying the same remarkable success here as elsewhere. The crowds that gather daily at the doctor's office at the Pacific hotel have been steadily increasing since the day of his arrival.

When interviewed, Mr. Daly said: "I claim 99 per cent of all ill health is due to stomach trouble. It is the curse of the 20th century. Practically all the chronic ill health of this generation is due to abnormal stomach conditions; therefore, I believe the human stomach of the present highly civilized race has become degenerated in early days, when the human race was close to nature, and men and women worked all day out of doors digging a frugal existence from the soil, the tired, drooping, half sick people that are now so common did not exist. To be sure there was sickness, but it was only of a virulent character, and only temporary. There was none of the 'half sick all of the time' condition with which so many are afflicted."

"In the horse, the cow, the dog, when let alone and not turned into a parlor pet, in the wild animals you see no chronic debility, no nerve exhaustion. It is because their stomachs are in sound condition. They are not shut in all day with little exercise, and they do not stuff themselves with food when their body has not enough work to justify it. The

civilized races have been doing this for years, the human stomach has gradually become weaker and look at the result—most of the people are half sick. I have talked with thousands during the last year, and few, indeed, knew what was the matter with them. One said nervousness, another kidney trouble; another said liver complaint; some said constipation, or heart trouble. Many had treated, as they called it, for all these diseases. At various times a very common complaint is all run down or tired all the time, or no appetite."

"I know all this chronic ill health is caused primarily by stomach trouble and nothing else. Also know that my new medical discovery I came here to introduce will put the stomach in good condition in four to six weeks' time. I further know that mighty few people can be sick with a digestive apparatus in perfect working shape. I have located an office at the Pacific hotel and have a registered physician who will be glad to explain my theory and treatment to all who call."

Hours from 10 to 12 a. m.; 2 to 4 p. m.

**Free Show Tonight**  
Tonight will be free night at the Daly show and an entire change of program will be given. A splendid program is arranged. The pretty baby contest is the feature of a Saturday night's show.

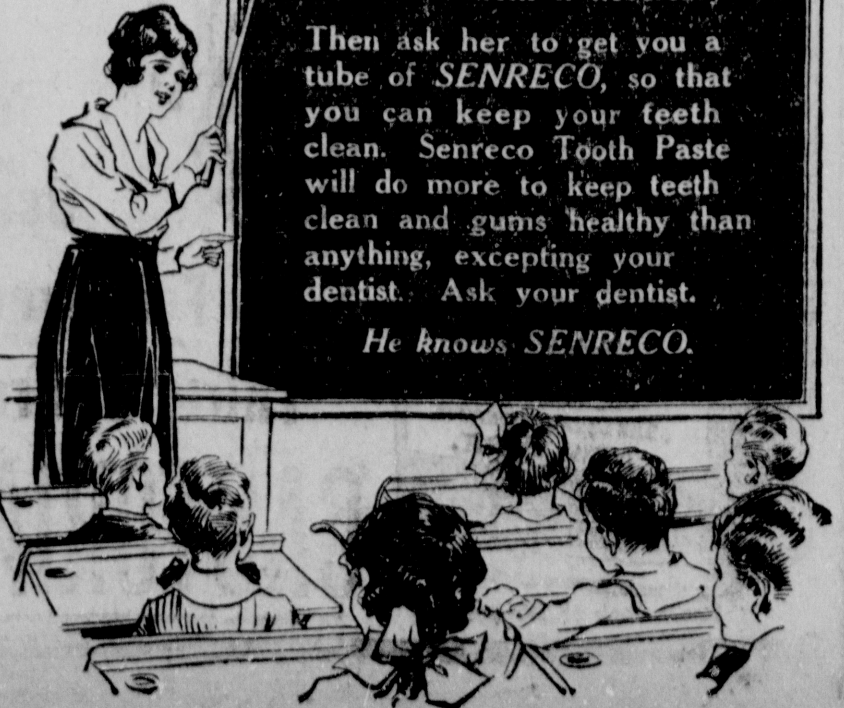

The Tonal remedy is for sale at Armstrong's drug store.—adv.

**Cars From Stock  
Make Same Record

It is the day-in and day-out record of stock cars in  
the hands of owners that has built up the public ap-  
preciation of Overland. A recent demonstration of  
Model 90 power, endurance and dependability was  
an impromptu round trip between Oakland and Los  
Angeles.

It was a most severe test, over mountain roads, thru  
a blinding storm, with mud high deep in places. The  
model 90 never faltered, never failed!  
The performance of the car and the time made is  
the more remarkable because it is what more than  
150,000 Model 90 owners know their cars are cap-  
able of.

Let us show you a duplicate of the cars that made  
these records.

# **PALMER TURNS SHARPLY UPON HIS ACCUSERS**

(Continued from Page 1)

Investigation of the alien prop-  
erty custodian's office he would  
present witnesses in support of  
charges against his administra-  
tion. Complaint had come to  
him from some of his constitu-  
ents, he said. Mr. Palmer came  
back with the assertion that Sen-  
ator Frelinghuysen had visited  
New York detective agencies to  
find if "they did not have some-  
thing on Palmer."

**Accuses Senator.**  
He accused the senator of mak-  
ing statements to newspapers re-  
garding charges against him and  
said there was little difference  
between making direct charges  
and repeating those alleged to  
have been made by others. Lewis  
and Andrews also were accused  
of giving out statements purport-  
ing to be evidence and distorting  
the facts.

The New Jersey senator, the  
attorney general went on, might  
feel that he was entitled to con-  
sideration before the committee  
but that he, too, was entitled to  
consideration in view of his selec-  
tion by the president as attor-  
ney.

Andrews who had been picked  
out by the attorney general as one  
of the particular objects of his  
wrath, broke into the hearing at  
the close by challenging Mr. Pal-  
mer's statement concerning him.  
The room soon was in an uproar  
but Chairman Dillingham sudden-  
ly ended the meeting.

"Stop, stop," he shouted to  
Andrews, jumping to his feet as  
did other members of the com-  
mittee.

"The present hearing is ended,  
the committee will go into ex-  
ecutive session."

City, Iowa, after a visit here.  
They will make the trip overland  
in their Studebaker car.

Ben Clark of Abbeville, Neb.,  
left Thursday for his home, ac-  
companied by his brother, William  
Clark of this city. They were over-  
taken at Monmouth, Ill., by a  
telegram conveying the news of  
the death of W. E. Gibson, son-  
in-law of William Clark. They im-  
mediately returned to this city.  
Ben Clark will leave for his home  
today.

Mr. and Mrs. J. L. Cosner of  
Springfield visited in this city  
Wednesday accompanied by their  
niece, Miss Ruth Cosner of Welch,  
La. Miss Cosner remained for an  
extended visit with friends in this  
vicinity.

The infant daughter of Mr.  
and Mrs. A. L. Winkle was taken

## **PRESENT EVIDENCE OF BOLSHEVISM**

WINNIPEG, Man., June 20.—  
After striking union leaders an-  
nounced late today they were con-  
sidering calling off the general  
strike, since six of their impris-  
oned leaders were released today.

city, provincial and federal of-  
ficers united in preventing their  
release. Evidence of Bolshevism  
which they said had been traced  
to members of the central strike  
committee.

G. D. Robertson, Canadian min-  
ister of labor, Mayor Charles F.  
Gray, Commissioner W. H. Perry  
of the Royal Northwest Mounted  
Police, and Crown Prosecutor A.  
J. Andrews met five union leaders  
and showed them letters seized in  
Tuesday's raid on the labor tem-  
ple.

"It is undoubtedly true that  
most of the members of the strike  
committee and a very large ma-  
jority of the working men now  
on strike have been misled," the  
government officials announced  
after the conference, "and they  
have been used as pawns by those  
directly behind the one big union  
movement which is being prom-  
oted with revolutionary intent."

## **LOWDEN HEARS BOTH SIDES ON MEASURE**

SPRINGFIELD, Ill., June 20.—  
Governor Lowden heard both ad-  
vocates and opponents of the  
"search and seizure" bill at a  
public hearing today before tak-  
ing executive action on the mea-  
sure intended to enforce prohibi-  
tion. He reserved his decision.

Levy Meyer, an attorney of  
Chicago, who said he represented  
the people of Illinois as well as  
the brewers and distillers of Chi-  
cago, contended that the effect  
of the bill would be to "make Illi-  
nois bone dry after July 1." He  
called attention to the statements  
of "dry" leaders that the bill  
would apply only to territory  
"dry" by Illinois statute, and  
said this was not correct.

Clarence Barrow, a lawyer,  
also of Chicago, appeared, he said,  
in behalf of the labor liberty  
league and trades union organi-  
zations.

In defense of the bill, Attorney  
F. B. Ebert of the Anti Saloon  
League and Senator W. S. Jewell  
of Lewistown spoke.

## **ONE HUNDRED FIFTY DIE IN THEATRE FIRE**

SAN JUAN, Porto Rico, June  
20.—One hundred and fifty per-  
sons including many children, are  
reported killed or injured in the  
destruction by fire last night of  
a motion picture theater at May-  
aguez. The bodies of 27 uniden-  
tified persons were recovered from  
the ruins today.

KANSAS CITY, June 20.—  
Twenty thousand grain cars for  
use in handling the grain crops  
of Kansas, Oklahoma, and north-  
ern Texas, have been accumulated  
in this territory. It was announced  
today by Hale Holden, regional di-  
rector for the United States rail-  
road administration. Mr. Holden  
added that 40,000 cars will be  
available in this territory by July 1.

# **MR. STEARNS WILL LEAVE JACKSONVILLE**

Well Known Musician to Become  
Dean of School of Fine Arts at  
Washburn College.

Announcement that Mr. H. V.  
Stearns will leave Jacksonville  
this year will come as a surprise  
to the musician's many friends.  
Mr. Stearns has recently sent his  
resignation to the management  
of the College of Music and Sep-  
tember 1 is to leave for Topeka,  
Kans., where he will become dean  
of the school of fine arts at  
Washburn college. This is a co-  
educational institution with a  
student body of 850.

Mr. Stearns' relations with the  
management of the college here  
and with the student body have  
been most cordial and he is to  
leave for the position in the west  
because of larger possibilities  
with the increased number of  
students.

Mr. Stearns took his musical  
work in Chicago and Berlin, and  
when he came to Jacksonville five  
years ago it was after a success-  
ful term at Clinton college,  
Columbia, Mo. During the years  
in Jacksonville he has been ac-  
tively identified with musical  
interests and has been prominent  
as well in the literary life of the  
city. Tho so thoroughly interested  
in musical work Mr. Stearns has  
not been narrowed by that interest  
and so he has formed more than  
the usual number of friendships  
in Jacksonville.

As indicated Mr. Stearns is ex-  
pected to leave about the first of  
September, while Mrs. Stearns  
and their daughter will remain  
until October. Their going will  
be a cause of regret to their num-  
erous friends.

## **IN MEMORY OF MRS. SOOY.**

Funeral services for Mrs.  
Letha Belle Sooy were held at  
the family home three miles east  
of Murayville Wednesday after-  
noon at 3 o'clock, in charge of  
Rev. Mr. Powell of the Woodson  
Presbyterian church. There was a  
large gathering of friends and  
relatives to pay a last tribute of  
respect to the memory of the de-  
ceased. Music was furnished by  
Dr. R. R. Jones, Mrs. Gallagher,  
Mrs. Joseph Self and Miss Clara  
Belle Megginson. The floral offer-  
ings were many and beautiful and  
these were cared for by Misses  
Lucille Jones, Stella McCurley,  
Hazel Eard and Clara Belle  
Megginson. The bearers were  
Oliver Jones, John Irlam, Joseph  
Self, William Rafferty, Warren  
Fanning and Lorton Tucker.

Letha Belle McAllister was born  
March 2, 1889, at Woodson and  
died at her home three miles east  
of Murayville Monday, June 16  
at 5:30 p. m., after a week's ill-  
ness. She was the daughter of  
Joseph and Eliza McAllister, well  
known and long time residents of  
Morgan county. On April 9, 1902  
the deceased was united in mar-  
riage to Enoch Peterson Sooy  
of Murayville, who together with  
four children survives. The chil-  
dren are Myrtle Agnes, Carl  
Raymond, Harold Wilbur and Al-  
ma Bernice. Two children,  
Harry Bartlett and Marguerite  
Rosalie, preceded their mother in  
death. Mrs. Sooy is also sur-  
vived by her father, Joseph Mc-  
Allister of Woodson; two sisters,  
Mrs. Eda Gunterman of Green-  
field, Okla., and Mrs. James  
Ralston of Woodson.

At the age of twelve years the  
deceased became a member of the  
Woodson Christian church, and  
during all the after years she was  
ever faithful to her church  
duties. She was a woman who  
had the love and respect of a  
wide circle of friends and ac-  
quaintances and her death is a  
source of deep regret to many.

"Our Mother."

We tenderly laid her away,  
Where the song birds warble o'er  
her.

And the sunbeams and breezes  
play.

The home seems changed and  
lonely  
For we miss her words of  
cheer  
And her ever-ready welcome  
Our mother we held so dear.

For dearest of all earthly treas-  
ures  
That God ever gave to man  
Is a tender loving mother  
To lead us by the hand.

She guided our steps thru child-  
hood.  
She kissed away our tears  
She shared our joys and sorrows  
Thru all the later years.

But now she is sweetly sleeping  
Beneath a mound of flowers  
Away from all pain and sorrow,  
This dearest mother of ours.

God needed her in Heaven  
And called her home at rest  
How sadly we shall miss her  
But then, God knoweth best.

## **PRIESTS STRIKE**

Rome, June 19.—(By The As-  
sociated Press.)—A strike of  
priests which is without precedent  
has just occurred at Loreto. The  
priests asked for an amelioration  
of their financial condition, owing  
to the high cost of living, and  
when their claims were not grant-  
ed, they stopped celebrating  
masses and performing other re-  
ligious duties.

McCarthy-Lubkuecher

The marriage of Mr. James  
Robert McCarthy and Miss Verne  
Lubkuecher was solemnized at  
the Church of Our Savior Thurs-  
day morning at 7:30 o'clock. The  
ceremony was said in the presence  
of an interested company of rela-  
tives and friends. Rev. Father  
Sloan officiating. The attendants  
were Miss Agnes McCarthy, sis-  
ter of the groom, and John Roach.  
Following the ceremony the bride  
and groom left Jacksonville for a  
brief wedding journey and after  
their return will be at home at  
426 East North street.

The bride is the daughter of  
the late Mr. and Mrs. Frank L.  
Lubkuecher, formerly of Beards-  
town, and for the past eight years  
has made her home with Mr. and  
Mrs. J. N. Conover here.

Mr. McCarthy is the son of Mr.  
and Mrs. J. L. McCarthy of Har-  
din avenue. He is in the employ  
of the Luby-Davis Drug Co. Both  
of the young people are held in  
the highest esteem by their num-  
erous friends and they begin their  
married life with the hearty good  
wishes of these friends.

**GOOD ROADS CLUB HELD MEETING FRIDAY**  
Vincent Riley Newly Elected President of Organization—Will Aid New Parking Plan—Favor Different Route of Ocean to Ocean Highway.

The Morgan County Good Roads Association held a largely attended meeting at the court house Friday night. The call to order was by I. T. Potter, secretary, and a communication was read from H. K. Snyder resigning as president of the association. After this had been acted upon the association elected Vincent Riley president by unanimous vote. A number of matters relative to good roads came up for consideration and the members of the association went on record as being ready to aid every project for the betterment of Morgan county roads.

Reference was made to the fact that the routing of the Burlington Way thru Jacksonville is to be changed and C. N. Priest made report that this work will be done in the course of the next few days. Formerly the Burlington Way was routed out of Jacksonville by North Fayette street and West Lafayette avenue. This was done because the pavement that way was in so much better condition than that on West State street. Now because of the new State street pavement the routing will be along that street and as indicated, the painting of the poles is to receive early attention.

was recently brought to the attention of the city council. A committee was appointed including T. M. Tomlinson, W. G. Benson and W. H. Cocking to act in conjunction with the light committee from the Chamber of Commerce. The painting of spaces it is estimated will cost about \$75 and it will be the work of this committee to raise this fund. A contribution of \$25 was made by the association, so that the committee simply faces the task of collecting \$50.

There were members present last night from Lynnville and the Point neighborhoods and various county precincts outside of Jacksonville.

**Resolution Adopted.**  
The following resolution was adopted requesting certain changes in the route of the Pike's Peak Ocean Highway thru this county.

Whereas: The Pike's Peak Ocean to Ocean Highway is recognized as a transcontinental route and is so designated, and

Whereas: It is contemplated to remark same through Morgan county in the near future. And

Whereas: The Morgan County Good Roads Association is contributing funds for remarking said highway, be it

Resolved, that the Good Roads Association of Morgan County recommend to the officers of the Pike's Peak Ocean to Ocean Highway, that the said highway leading from Jacksonville to Valley City be marked over a more direct and shorter route, namely, from the west end of West College avenue and city limits of Jacksonville to Grand Avenue, thence south to the Mound Road, thence southwest following the Mound Road approximately four and one-half miles to the Point school house, thence one mile south, thence west on what is known as the Phillips Ferry Road, directly to the River Crossing at Valley City, thereby eliminating two railroad crossings, two dangerous bridges over and near Mauvaisterre Creek, many hills and curves, and crossing the Illinois river at the same point as at present, with the saving of approximately ten miles in distance.

### MAY DELAY OPINION.

Springfield, Ill., June 20.—An opinion in the case of Walter E. Greenfield against State Auditor Andrew Russell and State Treasurer Fred E. Sterling, in which Greenfield seeks to enjoin the state officials from paying out funds to carry on the legislative investigation of the Christian Apostolic church at Zion City will probably be withheld for another week. Announcement was made today that Judge Burton, who took the case under advisement on June 14 would give out his opinion about Friday of next week.

**BROWN RENOVATES RIGHT.**  
Kewanee, Ill., June 20.—Fred E. Brown of Sterling received a great ovation today when he renounced his right under seniority rule in favor of Captain O. E. Carlstrom of Alton, for department commander of the United Spanish War Veterans of Illinois. The captain will be elected tomorrow.

**ONLY 24 YEARS OLD.**  
LOOKED 35  
Mrs. A. B. F. Mrazek, Adelaide Apts., 3551 Victor St., St. Louis, Mo. says she wants every woman in Jacksonville to know of her wonderful experience and will be glad to have them write her a personal letter which she will immediately answer telling how, after suffering several years from gallstones, female trouble and the general run-down condition that is to be found in ailments of this character, she finally obtained relief by using SYSTM. Mrs. Mrazek writes:

"I did not take SYSTM as directed on the bottle. My physician prescribed it to be taken: a teaspoonful before meals and before retiring, the medicine to be followed by a glass of cold water."

"Every woman should continually keep a bottle of SYSTM, the Liquid Regulator in her home. She will be well repaid by the comfort secured each thirty days in the year. A short treatment of SYSTM will make any woman feel ten years longer, as was proven in my case."

SYSTM may be obtained at the Luby-Davis Drug Company. Money cheerfully refunded if you are not satisfied.

### COUNTY INSTITUTE IN CLOSING SESSIONS

Program of Last Day Proved Interesting—Problem of Biography was Discussed by Prof. Cox.

The last day of the teachers' institute was well attended and all felt, as the affair drew to a close, that they had enjoyed something which both entertained and instructed to a good degree.

Some of the musical numbers of the day were "All Through the Night," "Harvest Moon," "Old Black Joe," piano solo by Mrs. Bullard and vocal by Miss Helen French, accompanied by Prof. Stearns of the Woman's college.

Miss Madeline Armstrong also favored the instructors with a reading.

The Problem of Biography was the theme of an excellent address by Prof. Cox. Tenneyson wrote a beautiful poem, "Crossing the Bar," and remarked that it expressed his belief. He lived near the sea and knew much of it and his writings carried in their essence much of the boundless ocean. The human soul is the most valuable thing in the world. What can a man give in exchange for it? It should be cultivated, ennobled and every day a man should do some deed that will make his biography worth writing.

Mrs. Louise M. Featherston told about the health course and gave some excellent advice on that all important subject. The child is of course primarily in school for the benefit of the mind and how all important it is to have that mind encased in a sound body at all times.

Prof. Hall gave a good talk on Nature. He told in eloquent terms of the rare beauties in all things about us and urged his hearers to pay more attention to the things of nature which lead up to nature's God.

**Afternoon.**  
After roll call Prof. Cox spent some time in story telling and showed that the man whose thoughts seemed always in the highest spheres knows also how to entertain the children with narratives to their liking. He had a group of little folks before him but the children of the older growth were also deeply interested.

Prof. Hall spoke on "What" in education and his address was an ingenious effort to draw out the best in nature and develop the highest in the pupils.

Both the eminent gentlemen have made an excellent impression on all those who have heard them and who will long remember what was told them.

**H. T. WHITE GUEST OF THE ROTARY CLUB**  
At Luncheon Yesterday Told Something of Work Attempted in Educating Deaf.

Supt. H. T. White was a guest at the Rotary club luncheon Friday and made a brief but very interesting talk. At the business session President Capps announced the committees who will serve during the coming year. Mr. White in his remarks made a general outline of the work that is being attempted at the School for the Deaf. He said that one of the main purposes was to teach the boys and girls at the school self-reliance and to inculcate certain principles which will give them stability of character and the ability to earn their own living after the school days are over.

The speaker mentioned some of the methods of instruction that are used and dwelt somewhat upon the recognition of the need for recreation. He told of additions to playground equipment and the various pleasure hours that are arranged for students.

The company was interested too in the statement made about the plan of the department of public welfare to have a social worker among the deaf. This worker visits the homes of the deaf throughout the state. The purpose is to get some first hand information about the needs and difficulties of the deaf and also to get their viewpoint. Altogether the address was of an informing kind.

### PERFECTING ALL PLANS FOR BIG CELEBRATION

Rest Rooms Will Provide Comfort For Visitors—Five Thousand Dollar Budget All Needed—Expenses Outlined.

Every day sees the development of some new feature in connection with the home-coming celebration planned for July 4. So it can be safely set down that the big crowded program of the day will provide attractions that will certainly please and entertain everybody and leave the memory of Morgan county's "greatest day."

At a meeting of the executive committee held yesterday afternoon at the Ayers National bank Chairman Crabtree brought up a number of matters for discussion. The public will be interested in the report made by Mrs. Singley for the Canteen girls with reference to rest rooms. Two have already been secured, one in the Gallaher block on West State street.

It is the hope to secure two others on the east or north side of the square, or on adjacent streets. The Gravel Springs Co. will furnish water without cost; the Snyder Ice Co., free ice; Andre & Andre have agreed to lend the furniture for one room and Johnson, Hackett & Guthrie for the other. The statement was also made that the Hudgin Furniture Co. will equip a room if desired.

These rest rooms will mean a good deal to the out of town visitors.

C. Spruit as a representative of the club was present and told of the plan that organization had in mind of providing special patriotic observance for new citizens, in accordance with the plan followed in many cities. The club realizes that it will not be feasible to carry out a lengthy program and it was the expressed wish of the home-coming committee to provide a place on the program for this feature if it is found feasible. Judge W. E. Thompson also spoke as a member of the club.

There is no question but that \$5,000 appropriated will be needed for the expenses of the celebration, nor is there any question but that the fund will be raised, altho it was frankly stated yesterday that the contributions have not come in as quickly or as liberally as expected.

The public can gain some idea of the necessary expenses from the following items which have been suggested. For the parade there will be 1,584 banners and 2,394 caps, which will cost \$180.

Expenditures for floats will be at least \$90; for 5 bands, 3 drum corps and a special quartet the expense will be \$979. The decoration contract is \$550, and the estimated cost of the chicken dinner, including the tent and lumber, together with food served and other necessary expenses, is \$1,000. The rest rooms, the making of the gold star banner, stationery and postage will cost approximately \$200. An elaborate fire works program has been prepared and the special bombs to be sent off in the day time in honor of deceased soldiers will cost \$132.

The night fireworks expense will be \$360. Mardi Gras features will cost \$100 and then comes insignia for soldiers and sailors, the prizes for best decorated automobile and other incidental expenses which bring the total already in sight up to \$2,965. It is known that there will be still other expenses of the most necessary kind and if the celebration measures up to the generous name of Morgan county and the feeling of thankfulness to her soldiers, \$5,000 will not be a bit too much for the fund.

**PAYMENT IS ASKED.**

**THE Y. W. C. A. CAMPAIGN**  
The reports from the "carry on" campaign of the Y. W. C. A. as received by Miss Maria Fairbank, in charge of the work in four counties, are of a very satisfactory kind. A number of cash subscriptions from individuals were received without solicitation. The same thing applies to the D. R. and one or more country clubs. It is known that a number of subscriptions made have not thus far been reported, but in the course of a few days Miss Fairbank is expecting to have complete returns. There is genuine and satisfactory interest in the campaign.

### CHURCHES PLANNING VESPER SERVICES

All Churches Expect to Join in Services on Congregational Lawn During July and August.

Plans are being made for joint vesper services during the months of July and August. The services will be held on Sunday evening on the lawn at Congregational church and will be participated in by all of the churches of the city.

In preparation for the union services the congregations of State Street Congregational and Westminster churches will hold a vesper service on the Congregational lawn Sunday evening.

The Rev. W. H. Marbach pastor of the State Street church will preach the sermon and will be assisted by Dr. E. B. Landis and Rev. W. E. Collins. The services will begin about 7 o'clock and there will be good music. All are cordially invited to attend this service.

### CHAMP'S PARTNERS BRUISED AND BATTERED

TOLEDO, O., June 20.—Spar-ring partners in Jess Willard's training retinue are bruised and battered tonight as a result of a spirited nine round workout the champion gave them before a big crowd at his Maumee Bay camp this afternoon.

Jack Heinen, the Chicago heavyweight was knocked out for the third time within ten days. Heinen had boxed the fourth round with the champion and when his turn came for the seventh Willard set a furious pace. Jess rushed into a clinch pushed him half way thru the ropes and let fly with a right-hand upper cut to the chin. Heinen landed head-first on the boards at the edge of the ring and was completely out. Blood was trickling from a cut in his mouth and two teeth were loosened as a result of the punch.

Jack Hempel boxed the first three rounds with the champion, but escaped a punching because Willard did not get warmed up. Joe Chip, the middleweight, received a cut mouth, while Monahan left the ring in a shaky condition from rasping chin punches Willard landed.

While the workout was in progress a stiff wind threatened to blow down the tented enclosure around Willard's arena. With the storm in sight the crowd walked over to Dempsey's camp and stood in the rain while the challenger went thru his usual exercises.

Dempsey will resume training tomorrow, after a layoff due to the cut over his right eye.

HARRY BARNES IS VISITOR HERE

Harry Barnes is in the city for a visit of several days and will later leave for Chillicothe, Mo., for a visit with his mother. The young man, who was formerly a resident here, has recently been honorably discharged from the army service. He landed in New York two weeks ago after an extended period in the overseas service.

### Heavy Concrete Work

Any concrete work calls for skill and knowledge, but where a structure is to bear continuous strain and great weight, there must be a knowledge of engineering, coupled with experience, to make such work permanent — We qualify in this respect.

### CONGREGATIONALISTS PICNIC AT PARK

Congregational Church Members Enjoyed Outing at Nichols Park

The Sunday school and members of the Congregational church and congregation enjoyed the picnic which is their festive occasion each year. It is always highly enjoyable and yesterday was no exception. Automobiles were assembled at the church at three o'clock and the greater part of the people went out to Nichols park that way while some went later and were met at the Vandalia road by kindly disposed auto owners of whom A. D. Fairbank was the leading spirit, and quickly conveyed to the picnic place near the playground.

There tables and seats had been collected under the noble trees and all at once began the program of social enjoyment without any formality or delay. The worthy pastor, Rev. W. E. Collins, was everywhere at once seeing that all had a good time and the one who wouldn't would indeed be a grouch. The sweet little members of his family were much in demand as was the olive branch who has come to gladden the home of Mr. and Mrs. Earl Spink. No formal program was attempted, all finding a better time socially under the trees discussing popular topics and have a good time generally.

At the appointed time the tables were spread and a feast of good things was laid out for the admiration and enjoyment of all present and nothing more could be asked than was prepared, the quality and service were wholly commendable and there was enough for a good many more. The refreshments were in the hands of the young women's guild of which Mrs. W. B. Young is president and they performed their duties in a faultless manner. The committees were: Supper—Mrs. Keefe and Mrs. Caldwell. Advisory—Mrs. Ebenezer Spink and Mrs. Knapp. Meats—Mrs. Earl Spink. Salads—Mrs. Stanley Post. Serving the primaries—Mrs. Arthur Taylor. Serving the intermediates—Mrs. Caldwell. Lemonade—Mrs. Potter. There was no lack of good cheer and all went well from first to last.

### EASTERN STAR PICNIC AT NICHOLS PARK

A Delightful Time Enjoyed at Nichols Park by Members of the Order.

Yesterday was the time designated for the annual picnic of the Eastern Star and it was enjoyed according to schedule. At the appointed hour the members gathered on the south side of the square and some went out in automobiles and some by street cars and all arrived on time armed with good appetites and a determination to enjoy the occasion and certainly they succeeded. Gathering beneath the shade trees that line the north of the lake opposite the large pavilion the merry-makers proceeded to have the best time possible and succeeded. At the appointed time tables were spread, seats drawn up and all present proceeded to attack the good things prepared by skillful cooks for the occasion. All had enough and said so long before the supply of good things was exhausted. In due season empty dishes were packed in baskets and the gathering proceeded homeward tired but happy.

The special committee in charge was Mesdames H. M. Rowland, W. R. Hainline and Frank Muehlhausen and ex-officio, presiding officer, Mrs. Walter Rabjohn.

#### MANY WATCHED MOVING OF IMPLEMENT SHED

The moving of an implement shed Friday morning was watched by a large number of spectators who were attracted by the unusual method adopted. Instead of using a horse as usual, cultivator wheels were placed underneath the front of the building, which was then attached to a Ford roadster and thus pulled along the street. It was necessary to place boards on the ground for the wheels to run on, and the progress was therefore not very speedy, but the new method is superior to the old. The shed being moved was one which has been located on the lot recently purchased by the Standard Oil Co., and it was being removed to a lot on South Sandy street just south of College avenue.

## WINCHESTER BOY KILLED BY AUTO

Mack Patrick Run Down and Instantly Killed by Car Owned and Driven by Earl Smothers—Driver Exonerated by Coroner's Jury—Winchester News Notes.

Winchester, June 20.—Little Mack Patrick, aged nine years, only son of Mr. and Mrs. Joe Patrick was run down and instantly killed about 11 o'clock this morning by an automobile owned and driven by Earl Smothers. Following the accident the body was taken in charge by Coroner Webster and an inquest held. The facts brought out at the inquest were such that no blame was attached to Mr. Smothers as the accident was shown to be unavoidable.

The Patrick boy in company with his playmate Paul Hensen started to town on an errand. They stopped at the blacksmith shop of Wesley Henson, father of the Henson boy who wanted to get some money from his father. Receiving the money the boys ran out of the shop in a happy mood.

Earl Smothers was driving past the shop in a large Overland car and the Patrick boy ran directly in front of the car and was knocked down the wheels passing over him causing instant death. The Hensen boy barely escaped the same fate.

Mack Patrick was a favorite with all who knew him. He was of a sweet and gentle disposition which endeared him to all and he had a smile for every one. Mr. and Mrs. Patrick have been residing on the old Patrick home place near Winchester where they cared for Mr. Patrick's invalid mother. They only recently came to Winchester to reside. They will have the sympathy of all in their great sorrow.

Arrangements for the funeral have not been made, as word is being awaited from relatives in other cities.

Mrs. Fred Switzer and children of Pekin who have been visiting relatives here have returned home.

Mrs. William Straight returned Thursday to her home in Carlinville after a visit of a few days with Mr. and Mrs. Harft Cohagen.

Mrs. John Pieper has been quite ill at her home but is reported as improving.

Mr. and Mrs. George Hodgkinson and Mrs. Violet of Astoria arrived Friday afternoon for a visit with relatives.

Mrs. Carl Meadors has returned from a visit with relatives in Kentucky.

Miss Margaret Metzger has returned home from St. Louis where she completed the commercial course at St. Joseph Academy.

ATTENTION K. OF P. According to our custom, members of Jacksonville Lodge No. 152 and Favorite Lodge No. 376, K. of P., will attend memorial services in a body at the Congregational church, on SUNDAY, JUNE 22, AT 10:45 A. M.

### FRANKLIN MAN FALLS FROM CHERRY TREE

M. A. VanWinkle Breaks Collar Bone and Rib When He Falls from Tree — Mrs. Laverick Critically Ill.

Franklin, June 20.—M. A. VanWinkle, a prominent farmer residing two and one half miles east of Franklin, sustained a fracture of the collar bone and one rib in a fall from a cherry tree about 4:30 o'clock this afternoon. Mr. VanWinkle was engaged in picking cherries and was on a ladder when one of the limbs against which it was set gave way and the ladder fell to the ground carrying Mr. VanWinkle with it.

Dr. Metcalf was summoned from Franklin and gave the necessary surgical attention. Mr. VanWinkle probably will be kept from work for some time.

Mrs. Laverick, a well known resident of Franklin is critically ill with a complication of diseases. Dr. J. W. Hargrove of Jacksonville came to see her this evening. Mrs. Laverick's son, Elyrie Laverick recently returned from service overseas and is now with his mother.

A Journal reporter was fortunate enough to be invited to partake of the feast.

## HOME COMING FUND IS INCREASING

Total Now is \$2000—Murrayville Meets Allotment—Names Will be Published.

The fund for the home-coming celebration is growing some, if slowly, and Dr. Kopperl, as vice chairman of the finance committee was able to report a total last night of \$2,000 raised toward the \$5,000 fund which is necessary. Murrayville sent in its contribution, thus being entitled to the honor as the second precinct in the county to meet its allotment.

It was decided at a meeting of the executive committee held at the Ayers National Bank yesterday that all contributions will be published, following the custom of Red Cross and other campaigns. This method affords at once a receipt and an acknowledgment to contributors and besides the public naturally has an interest in knowing the names of contributors and the amounts.

It is the intention to begin publication of the lists Tuesday or Wednesday of the coming week.

If you want TWINE get it now. Our stock is getting low. JACKSONVILLE FARM SUPPLY CO.

### MAY TERM ENDS IN CIRCUIT COURT

Judge Jones Entered a Number of Orders Yesterday.

Judge Jones practically wound up the business of the May term of the circuit court yesterday and will leave for his home in Carrollton today. The judge has a way of pushing business along which is quite satisfactory to both the attorneys and the parties at interest.

In the suit of Joan A. Martz vs. Dayton L. Gilpin, the court entered an order for the retaxing of costs.

An appeal was allowed to the Jacksonville Railway & Light Co. in the suit brought by Elizabeth S. Spencer as executrix. In this case a verdict of \$2,000 was returned against the railway company, and the case will now go to the appellate court with bond for \$2,500.

In the suit of Charles E. Hadden vs. H. E. Fry, appeal from a justice court, the decision was in favor of Mr. Hadden and the amount of his damages was fixed at \$41.40. This was a suit which involved the sale of some chickens.

In the appeal case from the county court of Samuel Dunavan vs. N. J. Murray, administrator, the allowance of the claim of \$200 as of the fifth class was approved.

In the chancery case of Henry J. Rodgers vs. Edith M. Fox et al., the case was referred to the master and the complainant given until October 1st to file testimony with an order for the defendant to close by Nov. 1.

In the divorce suit of Eliza Oliver vs. Antonio J. Oliver, the court found the issues for the complainant in the cross bill and decree was entered on the ground of desertion. Each party by agreement is to pay costs.

In the case of Holley Wright, who was placed on probation some months ago, statement was made to the court that the terms of probation had been met and the defendant was released from court custody.

#### COMPOSITES MAKE FINE ORGANIZATION.

The following is a clipping received by Mrs. Thos. O'Connell of Murrayville from her son Clarence now in Coblenz, Germany. He has recently been picked out of his company and put in the Composite regiment. General Pershing's honor guard, to parade in the different countries over there.

The clipping reads as follows: "They didn't get to make the trip to London—at least they haven't yet. When (Black Jack) Pershing cancelled his jaunt to the English metropolis to wait on Fritz's next move out beyond the area, his honor guard cancelled, too. So Col. Babcock and the 3,000 who are with him are still camped in tents on Coblenz Island waiting for orders to move. "But if they do get to London, King George is in for a real treat. He is going to see some regiment. Those who have watched the Composite regiment in its practice parades hand it to them. "Picked for size and appearance, with every man in new clothes and equipment, they look soldiers to the last man. Friday morning the Composite regiment paraded up Hohenzollern Strasse and back to the Island, marching in line of half companies, two platoons abreast, with the 3rd Div. band in the lead. They paraded every other morning until they get orders. Look over 'em if you want to see A outfit."

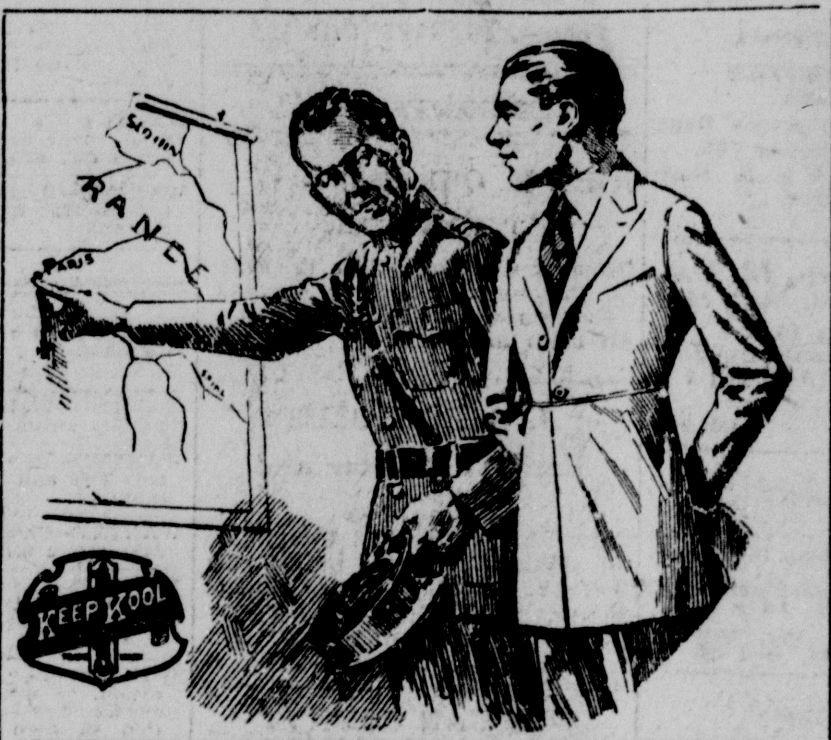

See our east window for hot weather goods, ice tea spoons, \$1.75 to \$3.50; glasses, \$2.00 to \$5.00 per set. BASSETT'S Jewelry Store.

#### EARLY HARVESTING

William Newman, Jr., made a trip to the vicinity of Alsey Friday and reports that in that region along the river bottoms wheat is already being harvested. Rye harvesting is reported in the south part of the county. The crop of wheat generally will be ready for the reaper in a few days.
